itsemibutler: odd
me: I've been harassed by a lot of Russians lately
me: thought you might be one
me: but you're clearly not

itsemibutler: from travel Eli
itsemibutler: traveling around

me: what would you like to do?
itsemibutler: get paid to write stories that may or may not be true

itsemibutler: mine is small town texas religious

itsemibutler: hell doesn't exist
me: that's pretty standard craziness
me: mine aren't Christians, they're just nuts
me: in a secular and irritating fashion
me: on the other hand, I kind of like them
itsemibutler: I'm not sure which is better

itsemibutler: i have tons of gay friends
me: I used to
me: in NYC
me: now I'm in Dallas for several months
me: the gays down here suc
me: k
itsemibutler: i'm sure they're fine.

opposite of them, and very stubborn abouti t.
itsemibutler: about it *
me: "just impossible" is kind of a gay phrase
itsemibutler: the first time i heard 'low rent' was coming from a gay man's mouth
me: you win this round
itsemibutler: i win most of the time if it comes to talking
itsemibutler: well
itsemibutler: i guess saying that to you is somewhat useless
me: are you interested in history at all?
itsemibutler: to be honest with you
itsemibutler: i've never had a history class outside of texas history because of numerous reasons
itsemibutler: but yes i am
